WINTER IS COMING
From November 1 to April 1, streets must be free of parked vehicles from midnight to 5 AM, and anytime following a measurable snowfall, so plows can make streets safe for driving.

OTHER REMINDERS:
Blowing, shoveling, pushing, or plowing snow into city streets is not fine. You could get fined!

On trash day, place containers back from curb, out of the path of a snow plow.

For information about plow damage, tips for averting frozen pipes, and more, search “winter reminders” at www.ci.oakdale.mn.us

PROTECT YOUR DRINKING WATER

Oakdale’s wellhead protection plan identifies ways we can all safeguard the wells that supply our drinking water to ensure safe and abundant drinking water.

Oakdale’s wells draw from aquifers located deep underground. Even at this depth, the aquifers are vulnerable to contamination from above but the good news is that we can all help protect the aquifer!

Here are just a few of the ways:

• Do not over fertilize your lawn or gardens.
• Use hazardous products only as directed and dispose of unused or unwanted items at the Washington County Environmental Center for free. Hours and more information at: www.co.washington.mn.us or 651-275-7475.
• Call Oakdale Engineering at 651-730-2734 for help identify wells, tanks, septic systems, and potential hazardous waste on your property.
• Call Oakdale Engineering at 651-730-2734 for information on grants and cost sharing opportunities to any unused wells on your property.

View the Oakdale Wellhead Protection Plan at: http://www.ci.oakdale.mn.us/wellheadprotection or call 651-730-2734 for a copy.

WHEN TO CALL 911*

Any time you need ambulance, fire, or police.
Any time.
Any.

* Sure, we were taught to call 911 only for emergencies. But now, for emergencies and for non-emergencies in Washington County, call 911 for ambulance, fire, or police. Auto accidents to property damage. Strange sounds to noisy neighbors. Emergency or not. Call 911, 24/7.
THE BEGINNING - AND FUTURE - OF RECYCLING

Many point to the first Earth Day in 1970 as the beginning of recycling, but recycling actually goes back decades, even into previous centuries when people recycled and reused materials to get the most out of their belongings.

In 1970, the reasons for recycling changed as we began to recycle with the fate of the Earth in mind. Here are some trends to watch for in the future.

New innovations in the tech industry are necessary due to the evergrowing popularity of electronic devices, their decreasing life span, and increased e-waste. Innovations such as the Apple’s iPhone recycling robot “Daisy” can process e-waste more efficiently and safely than humans. Robots extract the most valuable components and materials from items to be used in other products. Be sure to recycle electronics (TVs, computers, cell phones, etc.). Check out the Washington County Disposal Directory at www.recyclesearch.com/wccd.

Bans on plastics and polystyrene will continue. You can help by phasing out your use of plastic bags and Styrofoam. Bring reusable bags along for your shopping and errands, and say “no thanks” to Styrofoam to-go boxes.

Composting is on the rise in homes, restaurants, and cafeterias. Some restaurants bag up used coffee grounds for customers to take home and use in their gardens. Want to start composting? Check out ideas on the Washington County Environmental website: www.co.washington.mn.us/2813/Backyard-Composting.

HELP A NEIGHBOR!
The Recreation Department accepts donations for the local food shelf all year long. Please bring non-perishable food items to the Discovery Center lobby. Thank you!
COMMUNITY BOOK & MOVIE SWAP
Bring gently used books and movies to the Discovery Center and swap them for something “new.” Books must be in good, readable condition, with the cover intact. Movies must be fully operable and in their original case. The swap is an even exchange; books exchanged for books, etc. No VHS tapes can be accepted.

DISCOVERY BACKPACKS
Stop at the Discovery Center and check out one of our “Discovery Backpacks.” Inside the packs you will find everything needed for an exploration into the adjacent nature preserve. Seek out animal tracks, identify different types of trees and flowers, go on a scavenger hunt, use binoculars to bird watch or catch a glimpse of the deer, fox and owls that call the nature preserve home.

NORDIC WALKING POLES
Using Nordic Walking Poles, turn your ordinary walk into a total body exercise that delivers far more motivating results and makes walking more fun! Poles resembling ski poles are used to involve the upper extremities when you walk, toning and firming every major muscle at the same time. The poles are designed using rubber tips, making it possible to use them on pavement while reducing the impact of the hard surface. Stop by the Discovery Center during regular business hours and check out a pair of our Nordic Walking Poles at no cost! Simply present a photo ID and then walk away! Adult sizes available.

SCAVENGER HUNTS
Head out on the trails in the Oakdale Nature Preserve for a scavenger hunt and the chance to win prizes! First, stop at the front desk at the Oakdale Discovery Center before October 31 and ask for the free scavenger hunt guide. All new prizes will be awarded to participants who find the items on the scavenger hunt list. (Prizes are age 12 and under appropriate).

Sleep is essential for good health. If you have trouble falling asleep or staying asleep, there are lots of yoga tools that can help. In this 8-week series, we will learn gentle yoga movements, calming breathing techniques, and peaceful meditations to help your body relax and digest the day, allowing you to get a more restful nights sleep. Each class will also include Ayurvedic diet and lifestyle tips to support an evening routine that will lead to better rest. *Instructor: Jen Brandt, Yoga Therapist and Ayurvedic Yoga Specialist*
