Sec. 9-02. Purpose. The City Council finds that pawnbrokers, precious metal dealers and secondhand goods dealers potentially provide an opportunity for the commission of crimes and their concealment because such businesses have the ability to receive and transfer stolen property easily and quickly. The City Council also finds that consumer protection regulation is warranted in transactions involving pawnbrokers, precious metal dealers, and secondhand goods dealers. The purpose of this Chapter is therefore to prevent pawnbrokers, precious metal dealers and secondhand goods dealers from being used as facilities for commission of crimes and to assure that such businesses comply with basic consumer protection standards, thereby protecting the public health, safety, and general welfare of the citizens of the city.

To help the police department better regulate current and future pawn, precious metal dealers and secondhand goods dealer businesses, decrease and stabilize costs associated with the

regulation of these industries, and increase identification of criminal activities in the industry through the timely collection and sharing of transaction information, this chapter also implements and establishes the required use a computer database maintained by a vendor that has been designated by the City of Oakdale Police Department. (Ord. 854, 01/14/20).

Sec. 9-03a. License Required. No person shall exercise, carry-on, or be engaged in the trade or business of pawnbroker, precious metal dealer, or secondhand goods dealer within the city unless such person is currently licensed under this Chapter. No pawnbroker, precious metal dealer, or secondhand goods dealer license may be transferred to a different location or a different person.

No minor used in compliance checks shall attempt to use a false identification misrepresenting the minor's age, and all minors lawfully engaged in a compliance check shall answer all questions about the minor's age asked by the licensee or his or her employee and shall produce any identification, if any exists, for which he or she is asked. Nothing in this article shall prohibit compliance checks authorized by state or federal laws for educational, research, or training purposes, or required for the enforcement of a particular state or federal law.

Likewise, if the hearing officer finds that no violation occurred or finds grounds for not imposing any penalty, those findings shall be recorded and a copy provided to the city and the acquitted accused violator by in person delivery or mail as soon as practicable. The decision of the hearing officer is final.

ARTICLE XI. SALE OF PERMITTED CONSUMER FIREWORKS

Sec. 9-107. Purpose and Findings. The purpose of this Chapter is to regulate the sale of permitted consumer fireworks in order to protect the health, safety and welfare of the general public. No person shall keep for retail sale or wholesale distribution, sell at retail or wholesale, or otherwise supply or furnish as part of a commercial transaction any permitted consumer fireworks without first having obtained a current license hereunder, paid the required license fee and conspicuously posted the license on the licensed premises. Sec. 9-110. License Fee and Term of License.

- (a) The annual license fee shall be determined by the City Council, but in no event shall the fee exceed the amount provided in Minnesota Statutes, Section 62A.20, subd. 1. The Issuing Authority is empowered to conduct any and all investigations to verify the information on the application, including ordering a computerized criminal history inquiry and/or a driver's license history inquiry on the applicant.
- (b) **Consideration.** After verifying the information contained on the license application, the Issuing Authority shall then route the application to the city Fire Department which shall review the site plan and determine if the manner of storage, display or sales area of the licensed premises constitutes a fire or safety hazard. In assessing the potential hazard, reference shall be made to all applicable state and federal laws, rules and regulations, as well as the administrative standards for the storage, display and sales of permitted consumer fireworks established by the State Fire Marshal. If the Fire Department finds no hazard with the proposed site plan, the Issuing Authority shall grant the license in accordance with this Chapter.
