

Having a connected sidewalk, trail, and bikeway network is a goal in Oakdale's Comprehensive Plan.<sup>1</sup> As a result, the City of Oakdale is working on an updated Bicycle and Pedestrian Plan to decide:

- Where new trails can go?
- Which projects are the highest priority?
- What programs or policies would make it safer and more convenient to bike and walk?

We're updating our  
**Bicycle and Pedestrian Plan**  
and need your input!

## Talk to us

Join us for a community open house on Wednesday, October 19th any time between 5pm and 7pm at the Oakdale Discovery Center (4444 Hadley Avenue N). Everyone is invited to attend! We need input from residents of all ages, backgrounds, and abilities.

If you can't attend the open house, visit our website to complete our online survey (including an interactive map).
